SAVE MONEY & THE ENVIRONMENT

ENERGY DEMAND ENERGY PRICES

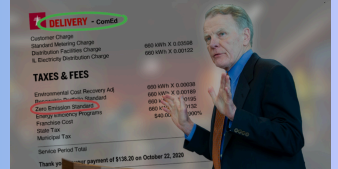

<https://www.eia.gov/todayinenergy/detail.php?id=46676>

<https://fred.stlouisfed.org/series/APU000072610>

There are no two ways about it, energy demand rises over time, and with that so do prices. Add in some inflation and bureaucracy and you could be paying \$300/mo+ for your energy bill in the next 10-20 years.

COMED

ComEd is a legal monopoly guilty of illegally overcharging, bribery, and more!
